Councillors Frank and Worth updated Members on the following areas:

Shared Prosperity Fund Update:

As part of the UK Government's Levelling Up agenda, Cornwall and Isles of Scilly have been allocated £132 million to spend on local investment through the Shared Prosperity Fund. Details of the governance are still being finalised, and I've attached a draft of the Terms of Reference for the Economic Prosperity Board, which we will be debating at a meeting of the Constitution and Governance Committee next week.

Details of how to apply for SPF funding can be found on the Good Growth website: ciosgoodgrowth.com

Councillor Worth informed Members that Cornwall Councillors will be available to support bids to ensure the best chance of success. He stressed the importance of writing good and adequately priced bids to include sufficient allowance for inflation.

Community Capacity and Facilitation Programme Areas Update:

Details were provided on the programme it is envisaged will be in place to facilitate and support communities to create a pipeline of projects to feed into SPF funds.

A few key points for Saltash are:

- One of the key aims is that the delivery plan must expand on the existing programme of Town Vitality Funding;
- Priority will be given to development work contributing to regenerating neighbourhood shopping areas, and creating a cleaner, safer, greener Cornwall;
- Particularly strong encouragement will be given to places in North and South-East Cornwall where Town Vitality funding has been comparatively lower;
- A Local Good Growth Delivery Framework will need to be created for each area to underpin year 2 and 3 delivery. This Framework will be worked up over the next month between Cornwall Good Growth officers in consultation with the Chairs and Vice Chairs of the Community Network Areas .

Double Yellow Lines on Station Road:

The double yellow lines on Station Road were not reinstated after the road was resurfaced. The Surfacing Team have been for an update on when the lining works will be completed and the Town Council will be informed when a date has been set.

Relocation of bin to Callington Road:

The bin located near the entrance to The Core, by the gate to the cinder path has seen very little use since the gate was closed by Fountain Head House School. We have therefore agreed to relocate it to the bus stop on Callington Road, by the Burraton traffic lights, a spot which has witnessed an increase in litter since the opening of McDonalds.

Please note that each bin has a number, and there is a handy online form on the Cornwall Council website where anyone can report issues with emptying or repairing litter bins. Issues reported via the website are dealt with extremely quickly.

Councillor Frank advised Members that STC are able to apply for extra bins in the area but these will need to be funded with the cost depending on the location.

It was **RESOLVED** to note.
