PUBLIC QUESTIONS - A 15-MINUTE PERIOD WHEN MEMBERS OF THE PUBLIC MAY ASK QUESTIONS OF THE TOWN COUNCIL.

Date Received	Public Question to the Town Council	Submitted By
30/07/24	<p>Firefighters Graves at St Stephen Church:</p> <p>Saltash Town Council Joint Burial Board Committee membership is a very small pool of Councillors.</p> <p>I have experienced two postponed JBB meetings after travelling from Torquay on both occasions (160 miles in total) to discuss the Firefighters Graves, due to lack of Councillor attendance.</p> <p>Please consider appointing more Councillors to the JBB committee to avoid postponements. Please encourage the appointed Councillors to attend the rearranged JBB meeting to be held on 8 August so that the Firefighter project can be brought to fruition.</p>	Mr Neil Stanlake

The Town Clerk reminded members the Joint Burial Board Committee is governed by a constitution and therefore membership could not be increased without changes made through legal avenues.

Members discussed the implications and associated costs if they were to pursue an amendment to the constitution.

It was proposed by Councillor Peggs, seconded by Councillor Dent and **RESOLVED** to

1. Note the public question and delegate to the Town Clerk to apologise to Mr Stanlake for the postponement of two Joint Burial Board Committee meetings due to unforeseen circumstances;
2. Inform Mr Stanlake that the Joint Burial Board is formed by way of a constitution dated 1982 setting out the membership levels;
3. Encourage the Joint Burial Board Members to attend 8 August rescheduled meeting and all future Committee meetings to successfully transact the business of the Committee.

Date Received	Public Question to the Town Council	Submitted By
30/07/24	<p>Saltash Recycling Centre Carkeel has become untenable. Very often one waits for 10 minutes and in a queue, only to find the gates shut on you.</p> <p>Negotiations need to be had to open other sites of the same ones that were closed or extend opening hours to the existing site at Carkeel, in the past when the centre was open until 6pm from 1 April to 31 October.</p>	Councillor Ellis – Botus Fleming Parish Council

The Chairman invited Cllr Ellis to ask his question.

Members discussed the impact on the surrounding roads and junctions in the area around the recycling centre.

The Chairman confirmed the site is owned and managed by Cornwall Council and invited Cornwall Councillor Worth to advise.

Cornwall Councillor Worth confirmed that there is a review being undertaken of the whole area, inclusive of Saltash Recycling Centre, Gilston Road and Carkeel Roundabout.

Councillor Worth acknowledged the housing development in the area with road networks to undergo some significant changes.

Councillor Worth requested to report back to members at a future meeting with more detailed plans once they had been confirmed.

It was proposed by Councillor Bullock, seconded by Councillor Stoyel and **RESOLVED** to note the public question and that Councillor Worth will report back to Saltash Town Council with further updates on the recycling centre and surrounding area at a future meeting.

146/24/25 TO WELCOME, JULIAN MITCHEL NATIONAL HIGHWAYS SALTASH TUNNEL MANAGER TO DISCUSS MAJOR TUNNEL WORKS AND CONSIDER ANY ACTIONS.

The Chairman welcomed Julian Mitchell Tunnel Manager and Dave Cottrill Electrical and Technical Manager for South West and South East National Highways.

Julian outlined the plans for a generational refurbishment of the Saltash Tunnel and overhead traffic management system on the Tamar Bridge.

The last major work was in 2004, and since then, the technological and electrical systems have reached end of life, with no availability of spares to repair them if they fail, necessitating a full replacement to maintain operation safety and functionality of the tunnel, and traffic management over the Tamar Bridge.

The refurbishment involves replacing all existing electrical distribution and tunnel technology equipment with modernised units. Key elements such as the traffic control system, signage in the approaches to the tunnel and Bridge, tunnel lighting, overhead gantries inside the tunnel, communication units, tunnel air quality monitors, tunnel drainage system and electrical distribution systems will be replaced and upgraded.

This project has been prepared over six years with secured funding now in place, adhering to National Highways governance and stringent design specifications.

National Highways has explored various methods to ensure the project's longevity and minimise future impact. The project also addresses the current energy consumption and carbon footprint with technological equipment to be relocated outside the tunnel, with the aim of reducing routine maintenance closures during the year.

National Highways has refined the project to try to minimise disruption and to deliver in two phases.

First Phase - Civil Engineering (starting October 2024 to February 2025):

This phase involves installing advanced warning signs on both tunnel approaches to communicate various information to users. Traffic management measures include narrower lanes, reduction of lanes and reduced speed limits, ensuring continued capacity and safety. Expected peak-hour delays are 15-20 minutes for three months.

Second Phase - Technology Works (starting October 2024 to October 2025):

Overnight tunnel closures will occur, while the Civil Engineering works are taking place during the daytime.

From the end of January, the control system will be switched off to allow installation of new equipment, losing the tidal flow capability and reducing the bridge and tunnel to one lane in each direction for five months.

Delays of up to 45 minutes are expected until the new tidal flow control system can be commissioned and switched on by summer. The rest of the technology install, and commissioning shall continue until October under nightly tunnel closures.

Various alternative traffic flow solutions were explored, but the proposed measures were identified as having the least impact while ensuring health and safety for the workers.

Members discussed the tunnel works and potential impact on the town:

Members asked what the plans for publicising the works are and if discussions with impacted groups, such as emergency services, haulier companies, bus companies, residents and traders had taken place. All agreed on the importance of clear/regular communication to ensure support for the tunnel's upgrades.

Members asked whether public services, such as the railway, had been consulted and asked to provide additional transport during the tunnel works.

National Highways confirmed consultation has not taken place yet.

National Highways agreed and spoke of how they see the works as an opportunity to engage with local schools and technical colleges by inviting students interested in civil engineering to participate and learn from the project.

National Highways acknowledged Members comments and expressed eagerness to collaborate with the Town Council to ensure clear, concise, and visual communications throughout the construction period.

It was proposed by Councillor Griffiths, seconded by Councillor Stoyel and **RESOLVED**:

1. To note the tunnel works and support the new infrastructure and environmental improvements;
2. To work in partnership with National Highways Communications Department to notify the public of the scheduled works (communication to commence September);
3. To create a Working Group comprising of Councillors Martin, Miller, Bickford and Foster to work in partnership with National Highways Communications Department.

Members thanked National Highways representatives for their attendance at this evening's meeting.

Councillor Bickford requested permission from the Town Council to approach the rail networks supplying Saltash. Councillor Bickford spoke of further contact to be made with Cornwall Councils transport division to highlight the impact the construction works are going to have on our town.

It was proposed by Councillor Bickford, seconded by Councillor Griffiths and **RESOLVED** to delegate to the Town Clerk, working with Councillor Bickford, to write to the appropriate organisations to highlight the impact of the National Highways construction works and impact to Saltash and surrounding areas.

Saltash Remembrance 2024

Background

This year's Remembrance Sunday is being held on 10th November 2024. It is an event that is very important to residents and that many in the town wish to be involved in so they can pay their respects. Traditionally the event is held at 2pm so that it does not clash with other events in neighbouring towns held at 11am. The event includes a church service, parade to the war memorial and laying of wreaths at the war memorial located outside of the Church of St Nicholas and St Faith.

In addition the Mayor and Mayor's Consort undertake wreath laying at the Waterside, Saltash Railway Station, Memorial Peace Garden and St Stephen's war memorial in the morning prior to the service.

Proposed Plans for Remembrance 2024

In 2022 and 2023 the church service was held in the Saltash Wesley Church. All organisations and members of the public who wished to attend were seated and the church was at near capacity. The parade route enables residents and visitors to gather in Fore Street to watch and pay their respects.

To allow as many residents, servicing personnel and veterans as possible to attend the Saltash Remembrance service and participate in the parade it is proposed that it is held at The Saltash Wesley Methodist Church.

It is proposed that once attendee numbers are confirmed, any remaining seats will be available to the community on the day, on a first come first seated basis. It is also hoped that the Church will live stream the event as has happened in previous years.

The parade will process from the Church to the war memorial where wreaths will be laid followed by the civic march past on Fore Street. Tea and coffee will be offered to everyone at the Guildhall afterwards.

In the morning of Remembrance Day the Mayor and Mayor's Consort will attend the Waterside, Saltash Railway Station, Memorial Peace Garden and St Stephens War Memorial to lay wreaths. Councillors and the public will be invited to join them if they wish.

Ex-service personnel such as those living at Greenwich Place will be encouraged to be involved with the event for example, in reading of the names of the fallen during the Church service.

In the case of extreme weather the wreaths will be laid at the altar of the Wesley Church and will be moved to the war memorial as soon as weather allows.

Costings

Saltash Town Band - £400

Budget Availability 2024-25: £5295.81

End of report

Receptionist / Mayors Secretary

To receive a report on the Beating of the Bounds and consider any actions and associated expenditure

Background

Beating the Bounds dates back to Anglo-Saxon times in England with the first mention in Saltash being in 1871.

The community walk the boundaries of the parish to establish where the boundary stones lay and to pray for protection and blessings for the lands. It's traditional for the Mayor of Saltash and the Town Clerk to be bounced on each boundary stone for protection and blessings for the land.

Proposal

The proposed date of the event will be Saturday 28 September 2024. Participants will be asked to meet at the bridleway adjacent to Waitrose supermarket for 10.30am.

The five-mile walk will pass through Moditonham Quay, Botus Fleming, Hatt and Notter Bridge. During the walk five boundary stones will be passed each one will be blessed by a minister with the Mayor of Saltash bounced on each one.

Participants will be asked to bring a packed lunch and drink with them. Botus Fleming Parish Council have been asked if they would like to host the lunch break, as they have expressed a wish to be more involved with future Beating of the Bounds events. If Botus Fleming are unable to host the group an alternative venue will be sourced such as Notter Bridge Inn or the Rising Sun pub.

Ticket prices will be £5 per adult and 16 years and under will be £1. Dogs will be able to attend for free but must be always kept on a lead. Tickets will be sold on Eventbrite, at the Saltash Library Hub and the Guildhall.

Due to capacity with the Saltash Red Bus, tickets will be limited to 60 people to ensure everyone has a seat on the bus to go back to Isambard House for a cream tea. There is also the option to get off the bus at St Germans and catch the train back to Saltash.

The event will be advertised on social media and the town's notice boards. The Town Seals will be used in all promotional material due to the importance of the bound's events.

Members are asked to note that in Saltash it is traditional for Beating of the Bounds to be held on special occasions only and there are records at Saltash Heritage of it dating back to 1871. It has been held in 1974 to commemorate the ending of Saltash Borough Council and the start of Saltash Town Council and in 1977 for the Queen's Silver Jubilee. The most recent times are 2012 for the Queen's Diamond Jubilee and 2022 for the Queen's Platinum Jubilee.

Health and Safety

The Marshals (Cllrs Miller, Stoyel, P Samuels) are required prior to and on the day of the event to inspect and maintain the walkways and boundary stones and to lead the group on the day of the event to ensure everyone's safety.

The Marshals will carry a first aid box.

A robust Risk Assessment will be undertaken for those attending to always adhere to.

Costings

The below costings are based on 60 people attending. If fewer people attend, then less buses will be required, and the cost will decrease.

Event Expenditure:

Saltash Red Bus hire charge = £300 (based on 1 bus for 7 hours to follow the walkers should anyone not be able to complete the entire walk and three buses to take people from Notter Bridge to Isambard House via the boundary stones)

Afternoon tea = £50 (to include scones, jam, cream including gluten free options)

Eventbrite Admin Fee = £7.99 up to the sale of 100 tickets

Total expenditure - £357.99

Budget:

If the event runs at a loss, then the below budget code would be used to cover any shortfall.

Budget code: 6871 – SA EMF Tresorys Kernow Funding

Budget available: £469
