It was proposed by Councillor P Samuels, seconded by Councillor Miller and resolved to **RECOMMEND** to the Policy and Finance Committee the associated cost (point 2 above) be allocated to budget code 6270 PF EMF Crime Reduction.

Overview

From submission of the application for a license to work within the highway and a required traffic management plan for the install, PCC have highlighted the installation to the resolved lighting column would be cost prohibitive due to the need for a substantial traffic management plan.

PCC have requested the Town Council to review an alternative lighting column in Fore Street for the 6-month trial.

Permissions have been obtained from Cornwall Council for the lighting column located outside Saltash Barbers. A traffic management plan has also been approved for the new proposed lighting column.

PCC have confirmed monitoring hours for the 6-month trial period would be 8am to Midnight Monday to Saturday and Sunday on an ad-hock basis to build a picture of issues in the area. The camera will be recording 24 hours a day.

Next Steps

For the relocation of the trial camera Members are asked to consider approving the alternative location outside Saltash Barbers.
