Conditions of Hire

Planning:

Users of the loudspeaker system should be aware when planning their event that there is residential accommodation in close proximity to Fore Street. Not everyone will enjoy musical entertainment and there may be a negative impact, which may lead to complaints. The event organizer is responsible for appropriate and effective noise management and control.

The Town Council will publish notice of events via social media and notice boards. The hirer should provide adequate notice of events in any promotional material.

Use of the equipment:

All electrical equipment being attached to the equipment should have a current PAT testing certificate and a copy (copies) should be provided with the application.

The decibel level has been set and users should not attempt to adjust this level or any other settings on the equipment.

During the event:

During the event users may be asked to reduce volume levels. If you are asked to reduce volume levels you should immediately comply with the request.

Amplified live music should not be played continuously for more than an hour in a built up area. Users are asked to be mindful of this and ensure a break of a minimum of 15 minutes is applied.

The Town Council reserves the right to terminate a hire of the loudspeakers where conditions are not complied with and/or numerous complaints are received.

After the event

The results of noise monitoring and any complaints are to be reported to the Town Clerk. Where future applications are received, consideration will be given to compliance with conditions, the number of complaints received and the applicants ability and co-operation in controlling noise levels from the event.

Complaints

Anyone wishing to make a complaint about an event should follow the Town Council Code of Practice for Handling Complaints. This can be viewed on the Town Councils website on the following weblink <https://www.saltash.gov.uk/policies.php>
