293/25/26 **PUBLIC QUESTIONS - A 15-MINUTE PERIOD WHEN MEMBERS OF THE PUBLIC MAY ASK QUESTIONS OF THE TOWN COUNCIL.**

The Chairman confirmed three public questions had been received.

In the absence of the residents who submitted the first two questions, the Town Clerk read them aloud in accordance with the Town Council's Public Question Policy. The third question was read by the member of the public present at this evening's meeting.

The Town Clerk then proceeded to read question one on the approval of the Chairman.

Date Received	Public Questions to the Town Council	Submitted By
13 January 2026	<p>Cornwall Council officers submitted a report dated 29 August 2024 relating to the release of the recreational ground/park on Callington Road, Burraton for development, stating that representatives of Saltash Town Council were supportive of the principles of the recommendations (Sections 2.12 and 5.3).</p> <p>I understand from the Town Clerk that Saltash Town Council has not given any confirmation of support in principle for this development and that the Town Clerk is working with Cornwall Council for clarification, as the report contains several inaccuracies.</p> <p>Further to this, if Cornwall Council fail to respond, or are not willing to correct the inaccuracies and reconsider their decision using accurate information, how do Saltash Town Council plan to challenge the outcome so that public confidence in the process can be restored?</p>	Marie Whittam

The Town Clerk informed Members that she had been working with Cornwall Council to establish how the report, and the information contained within it, had come to light.

She further confirmed that a response had been received from Jonny Alford, Strategic Property Lead at Cornwall Council.

At the instruction of the Chairman, the Town Clerk proceeded to read the response to Members.

We briefed the Town Council and Local members before we pushed this deal in 2024.

We explained this was a potential Win Win.

- *Developer gets a new supermarket*
- *Community of Saltash gets an improved play provision*
- *There is a capital receipt paid to the Council*

But the route to that Win Win is via a full planning application which requires full public consultation including the Town Council.

The Town Councils support as we recorded it was not support of the planning application but of the principles of the deal that the Council was working on.

I can see how the report has been misunderstood.

If the Developers proposals are not acceptable then the Town Council can object...they have not prejudiced or pre-called their position.

I can see how the report reads and that was not the intention.

The developer consultation meeting is the beginning of the developers process to develop a planning proposal for the site that meets the needs of the community and will appropriately replace the playing field that will be developed on.

Members discussed the response received and expressed both frustration and disappointment.

Councillor Bickford challenged the accuracy of the response and the report issued by Cornwall Council, stating that it had grossly misrepresented what took place at the meeting. That meeting had been attended by the Chairman and Vice Chairman of the Town Council at the time, Councillors Bickford and Peggs together with the Town Clerk.

Councillor Bickford clarified that, although the report presented the meeting as a consultation, it had in fact been a briefing. It was not a forum for discussion or debate.

Saltash Town Council had not been permitted to express a formal opinion, as this can only be done through the lawful planning process.

It was further noted that no new information had been provided at the meeting; all material shared by Cornwall Council was already in the public domain.

Members requested that Cornwall Council update or withdraw the report and challenge the Strategic Property Lead regarding his description of the development as a "win-win". Members sought a correction to any implication that the Town Council supported or approved the development, as it did not. Members also requested an apology due to the upset caused to the Town Council who had faced criticism arising from the inaccuracies in the report.

The Town Clerk confirmed that her recollection aligned with the Members' account and expressed concern regarding the management of future private and confidential briefings held by Cornwall Council.

Members agreed that this matter should be reviewed at a future Town Council Forum meeting.

It was additionally noted that the report implied multiple consultations with several Members, which had not taken place. Members queried whether a transcript or notes of the meeting existed. The Town Clerk confirmed that neither was available.

Following a unanimous vote (14 in favour, 0 against, 0 abstentions), it was proposed by Councillor Bickford, seconded by Councillor Peggs and **RESOLVED**:

1. To delegate authority to the Town Clerk, in consultation with the Chairman and Vice Chairman, to challenge the inaccuracies within the Cornwall Council report relating to Saltash Town Council, requesting that the report be withdrawn or amended to reflect the accurate position, and to seek an apology accordingly;
2. To reassure residents that Saltash Town Council has neither expressed support for nor objected in principle to the proposed development;
3. To refer to a future Council Forum Meeting a discussion on how best to manage attendance at private and confidential briefings with Cornwall Council, when the Mayor, Deputy Mayor, and Town Clerk are invited, in order to prevent similar issues arising in the future.

The Town Clerk proceeded to read public question two.

--	---	--

The Town Clerk confirmed that in both 2023 and 2024 the same member of the public had submitted questions regarding parking issues within the town.

Saltash Town Council subsequently met with Cornwall Council's Community and Civil Parking Enforcement Team, followed by an onsite

visit attended by several Councillors.

Following these engagements, the Town Council issued an educational social media post, reported the matter to Safer Saltash, and informed the resident, David Simmons, of the Council's resolutions on both occasions.

Members expressed concern for visually impaired people and those using prams or wheelchairs, noting the risks created by vehicles parking on pavements. Members agreed that, should another site visit be arranged, representatives from these groups should be invited to attend.

Members further agreed that a new site visit with Cornwall Council's Community and Civil Parking Enforcement Team is essential.

The Vice Chairman welcomed the police to the meeting to discuss ongoing issues relating to illegal parking in Saltash.

Sector Inspector Jamie outlined the challenges associated with enforcing parking legislation and the legal considerations surrounding pavement obstruction, confirming that the police would review the comments raised at this evening's meeting.

In response to concerns that police officers sometimes appear to overlook offences, Jamie explained that officers may be en-route to higher-priority incidents but would not ignore a vehicle parked illegally or dangerously.

Following a vote (13 in favour, 0 against, 1 abstention), it was proposed by Councillor Bullock, seconded by Councillor Ashburn and

RESOLVED:

1. To invite Cornwall Council's Civil Parking Enforcement Team to Saltash to discuss parking issues and undertake an area visit;
2. To encourage all residents to report parking concerns that are considered obstructive or dangerous to the police via 101 or the online reporting system;
3. To request that the Town Council Representatives for Safer Saltash raise parking issues at the next Safer Saltash meeting;
4. To issue an educational social media post discouraging poor parking.

The member of the public Scott Slavin, read his question.

The Town Clerk reminded Members of the email previously circulated containing the 2023 response, in which Councillor Bickford had been delegated authority to write to Tamar Crossings regarding the concerns raised at that time.

The Town Clerk further confirmed that an additional letter had been sent last week on behalf of the Town Council, addressing the proposed account fee increase, traffic flow, congestion, and engagement. As the letter was only recently issued, a response has not yet been received.

Members agreed they were satisfied with the current position, noting that regular correspondence and meetings continue with key stakeholders, including the Joint Committee and the local MP.

Scott asked through the Chair whether the letter is in the public domain. The Town Clerk confirmed that the 2023 letter had been published, and that there was no reason the recent letter to the Joint Committee could not also be shared.

Members enquired whether a formal response would be submitted to the forthcoming public consultation. It was agreed that once the consultation goes live, the Town Clerk will present it to the Town Council for consideration and preparation of a formal response.

Members also felt that the relationship with the Joint Committee could be strengthened. The Town Clerk confirmed that she had been in contact with the newly appointed Chief Officer, Philip Robinson, to express the Town Council's wish to meet, and would follow this up to arrange a meeting and tour of the bridge to support Members' understanding of its operations.

Members thanked the Tamar Tag Action Group for their commitment to representing residents' views, which had contributed to the initiation of a further public consultation following the recent Extraordinary Meeting.

Following a unanimous vote (14 in favour, 0 against, 0 abstentions), it was proposed by Councillor Bullock, seconded by Councillor Peggs, and **RESOLVED**:

1. To delegate to the Town Clerk the publication of the recent letter sent to the Joint Committee, and to recirculate the 2023 letter, to demonstrate to the public the extent of the Town Council's ongoing commitment;
2. To receive and consider the Tamar Crossings public consultation at a future Full Town Council meeting once it becomes publicly available.

RECOMMENDATION 1:

The Town Clerk outlined the recommended amendments to ensure Members were fully informed of the reasons for the changes.

Following a unanimous vote (11 in favour, 0 against, 0 abstentions), it was proposed by Councillor P Samuels, seconded by Councillor Peggs, and resolved to **RECOMMEND** to Full Council to be held on 15 January 2026, the amendments to the Civic Handbook, incorporating the additional changes raised by Members during the meeting (as attached).

Councillor P. Samuels, Chairman of Policy and Finance, presented the proposed amendments to the Civic Handbook Policy. He summarised the concerns raised at the Policy and Finance Committee meeting regarding the out-of-hours emergency contact protocol. Following further discussion with the Town Clerk, additional wording had been drafted for Members' consideration.

Councillor P. Samuels further proposed that an additional amendment be included to add the phrase "*staff or concerned Members*" to the first bullet point.

Councillor Miller raised concerns about the potential implications of instructing staff. The Town Clerk confirmed that this measure was necessary to ensure the continued operation of the Town Council, and that under these specific circumstances, the proposed approach offered the most practical solution. She noted that during normal working hours, senior managers would be available to support staff, removing the need for this particular contingency.

Councillor Miller confirmed he was satisfied with the response.

Following a unanimous vote (14 in favour, 0 against, 0 abstentions), it was proposed by Councillor P Samuels, seconded by Councillor Stoyel, and **RESOLVED** to note and approve the above recommendation and additional amendments.

296/25/26 TO RECEIVE THE CHAIRMAN'S REPORT AND CONSIDER ANY ACTIONS AND ASSOCIATED EXPENDITURE.

It was **RESOLVED** to note.

297/25/26 TO RECEIVE THE MONTHLY CRIME FIGURES AND CONSIDER ANY ACTIONS.

Members discussed the recent rise in shoplifting. PC Smith explained that the increase was partly due to higher levels of reporting and a particular shop in Saltash being repeatedly targeted.

The police advised that new reporting systems are helping to encourage greater reporting of crime. Inspector Jamie asked the Town Council to continue supporting these efforts within the community and confirmed that tackling retail crime is a national policing priority.

Members sought clarification on the higher figures recorded under the category "Violence with or without injury". The police confirmed that these incidents primarily relate to domestic abuse. While the figures are concerning, they reflect improved reporting by victims rather than a significant increase in occurrences.

The police also highlighted the availability of Clare's Law, which permits the disclosure of an individual's history of violence or abuse to help safeguard those at risk.

The Chairman asked whether there was any additional support the Town Council could provide. The police encouraged continued partnership working and the ongoing promotion of reporting through 101 and online reporting systems.

Members invited the police to attend future Meet Your Councillor sessions on Fore Street. The police welcomed the invitation.
