

Appendix B - Funding Database

Funding Opportunities

This spreadsheet provides a database of available funding opportunities, including information on relevant projects that each funding source could support, along with associated deadlines. It also tracks previously reviewed funding options, highlighting their relevance to avoid duplicating research on opportunities that have already been considered.

Customer and Community Improvement Fund		Station Property/Services	Planter/Bench/Cycle Storage/Wayfinding outside Isambard House.	Awaiting response	The GWR Community Improvement and Capacity Fund (often called the Customer and Community Improvement Fund) is a grant programme run by Great Western Railway to support small and medium rail-related projects that benefit passengers and local communities along the GWR rail network. It provides funding (typically up to ~£25,000) to charities, community groups and organisations for initiatives that encourage rail use, address local social needs, promote inclusion and diversity, support economic growth, reduce carbon, or deliver education and rail-related activities, with all projects required to show a clear link to the railway and community impact.					
South West Water		Services	Possible water storage for the Allotments/Depot (to store rain water for hanging baskets etc) Research in progress on the process of water saving initiatives and what funding we could apply for.		The South West Water <i>Water-Saving Community Fund</i> is a community grant programme run by South West Water that provides funding (a total of around £75,000 each year) to not-for-profit groups, schools and community organisations in its service area to support local projects that help save water and benefit the community. Successful projects might include things like rainwater harvesting systems, water-butt installations, drought-tolerant gardens or educational water-saving activities, with grants available in different sizes depending on the applicant. It aims to promote measurable water conservation and community engagement in water-saving efforts.					
OPCC (CCTV)		Services	Additional CCTV camera's in key areas of Saltash - adding to the current provision.	Successful £ £9,858.91	The Police and Crime Commissioner (PCC) fund is public money in England and Wales controlled by an elected Police and Crime Commissioner to support local policing, crime reduction, and community safety. It is funded mainly through central government grants and the policing portion of council tax, and is used to pay for police services, victim support, and local crime-prevention initiatives. The fund is not an investment fund and is subject to public accountability, transparency requirements, and external scrutiny.					
Community Infrastructure Levy (Round 5)		Full Town Council	A working group has been formed to develop project ideas for submission. EOI has been submitted - February 2026. Awaiting decision.		CIL Round 5 is a funding round of the Community Infrastructure Levy (CIL), which is money collected by local councils from property developers to help mitigate the impact of new development. The fund supports local infrastructure and community projects such as improvements to community facilities, public spaces, transport, and local services in areas affected by growth, with funding awarded to eligible councils, parish councils, and community organisations.

The Aviva Foundation - Financial Futures Fund		Community Organisations	Shared with community organisations.		The The Aviva Foundation Financial Futures Fund offers grants starting from £100,000 over three years to UK registered charities, not-for-profit organisations and social enterprises with an annual income of over £1 million that deliver public benefit and improve financial resilience across the UK. Around £3 million will be distributed across two funding rounds in 2026 (deadlines: 15 April and 7 October 2026). Funding supports initiatives that build financial confidence and capability, improve access to fair and affordable financial services, tackle systemic barriers such as debt, housing insecurity and digital exclusion, and support communities experiencing financial hardship. The programme operates a two-stage application process: a short application form followed by an interview for shortlisted organisations.					
Museum Development South West		Shared with Saltash Heritage and on social media.			<p>Museum Development South West's vision is to support diverse, inclusive and inspiring museums that are relevant to the lives of the communities they serve. All of their activity directly contributes to this vision, including this grant scheme.</p> <p>They recognise that, for many museums, a small grant can be a powerful catalyst for change and improvement. This fund has been designed with exactly that purpose in mind.</p> <p>They are looking to invest in museums where their funding will make a meaningful difference and are particularly keen to support those that have developed their projects following previous development work with them — for example, participation in an Organisation Health Check or projects such as Volunteering Fit for the Future. Applicants are encouraged to highlight this in their submissions.</p> <p>They also actively encourage museums that have not secured Museum Development funding in recent years to apply, helping them take important steps towards securing further funded investment in the future.</p>					
Town Of Culture Competition		Met with Lindsay Endean. Agreed with the TC that STC do not have capacity to do this currently. However, looking at how a cultural stratgey may be developed could be something to look at in the future.			<p>The UK Town of Culture 2028 competition is a UK Government initiative celebrating the cultural identity and creativity of towns across the country.</p> <p>The winning town will receive £3 million to deliver a major cultural programme in 2028, helping to boost community pride, participation in the arts, and local economic growth.</p>					
Local Power Plan Highstreet Strategy + Pride of Place			More details on the High Streets Strategy, including how funding will be allocated to specific places, will be announced in the coming months.		<p>High streets with boarded up shop fronts and lacking essentials such as butchers, grocers and bakeries will be given a multi-million-pound boost.</p> <p>The £150 million cash injection will be targeted in areas hit hardest in recent years, and most in need of being brought back together.</p> <p>Part of the government's path to renewal, it will help turn the tide on this decline and restore a sense of pride people feel in their high streets and local area – which serves as a vital meeting point for communities.</p>
