Chair's Report

We were fortunate to receive most votes in the Waitrose green token community programme for the Community Kitchen, before Christmas and Sharron from Waitrose came to present the cheque at the 10th Anniversary celebrations of the Memory Box Café. In addition, Waitrose donated a cake for the Memory Box Café celebrations, which Sharron did an absolutely fabulous job of decorating. This was a bright spot in the month and was heart-lifting.

The kitchen and the shop continue to open 6 days a week and this is helping the finances. We continue to seek ways to improve our efficiency and to find other ways to fund our activities. However, as sources of funding become harder to find and competition for those that are available increases, we face the potential of having to make some hard decisions.

Chris Bailey.
