

APPENDIX D

Prayer for World Peace

May the lamplight of peace always be to us a symbol of peace, hope and reconciliation.

May the flickering flame remind us that even in the darkest of times there can always be a glimmer of hope and light.

In the light of that hope, in a spirit of reconciliation and compassion, may we be led from despair to hope, from hate to love, and from war to peace.

Let peace fill our hearts, our world, our universe.

Amen
