

Item 21

To consider carrying out a 'Saltash Town Council Priority Setting process'

In 2014 the Town Council carried out a priority setting process, the result is attached.

The process was generally found to be useful by Council Members and public alike.

The priorities still seem relevant but do need to be updated and as a bare minimum re-ratified.

If Members wish STC to carry out a similar process, then I propose we pass this to P & F to work up a process.
