

## **Professional Youth Work Tender Opening 2021-22**

We received three bids for the £40,000 pot of money set aside for professional youth work in the town.

The three bids were all found to be complete and could be considered for funding by STC.

Members of the Saltash Team for Youth agreed the following funding for the tenders received:

1. Livewire bid for £15K
2. The Core bid for £15K
3. Junkyard Skatepark for £13K

Total £43,000

For the first time this year the bids in total were more than the £40,000 available in the budget.

We would recommend therefore that, considering the huge need for youth work in the town due to the Covid-19 pandemic - especially in relation to mental health work - we ask that the additional £3,000 requested in the bids be vired across from general reserves to increase the tender pot to the £43K needed.

The Finance Officer has confirmed funds are available for this transaction to take place.

Saltash Team for Youth.
