

**SALTASH TOWN COUNCIL**

**VOLUNTARY TREE WARDENS REPORT**

**PA22/08143 – Castle Gardens, Castle Hill, Forder, PL12 4QW**

(Conservation area). We have no objection to this work going ahead. The trees are across the road from Trematon Castle. The trees scheduled for removal are diseased, and the sycamores scheduled for height reduction only are healthy and worth preserving. After the work, enough good trees will be left so it still feels like a wood, and they will fill out over time.

Adrian White  
Saltash Voluntary Tree Warden
