### 3. Project Proposal

#### **Project name**

Pillmere Community Play Park

#### **Project description**

In no more than 250 words, please tell us what your project is, where it is, and briefly explain how the project will:

- help development to come forward in the area or address the cumulative impact of development; and
- directly benefit children and young people.

You will have an opportunity to expand on this should you be invited to submit a full application, but it is important that you touch on both these points here as well.

Pillmere is a residential area of Saltash with approx. 600 houses built in the late 1990's. When constructed it included a small amount of play park provision within the development, since becoming very run down and for some time it has not had play provision that is fit for purpose and providing a stimulating plus safe environment for young people to play and enjoy the outdoors. This application is to create an interactive play park to suit all ages of young people, as well as catering for those young people who are not so able. In addition, a quiet area for study and reflection that is perhaps not available at home for teenagers.

It would create a tactile and multi-sensory experience for children being able to have exploration through toes and hands, especially designed for those children who are not able to use the more conventional play areas. It would have a nature zone with canopy to encourage children to learn about the environment and give them the opportunity to be "hands on", learning with interactive play about nature and the environment. This area would include a pleasant covered seating area to accommodate both parents and carers for the children using the space, as well as supporting wildlife with some pollinator friendly planting.

Alongside this would be more traditional area of climbing frames and rope play areas as well as play panels to encourage imagination and creativity to assist with the development of important social and emotional skills.

#### PRIVACY STATEMENT

The personal data collected on this form is necessary for processing your interest in applying for Community Infrastructure Levy (CIL) grant funding. This includes the consideration of whether to invite a full application and to ensure the effective management of CIL grant funding if approved.

If your Expression of Interest is unsuccessful, your personal data shall be deleted securely. If you are successful at Expression of Interest stage and your subsequent full project application is successful, then your data will be retained for the duration of the project applied for and for the full period in which the contract under which the monies are transferred is enforceable, and up to 7 years after the final CIL grant payment is made to the project. Your personal information will then be deleted securely.

Unless otherwise stated we will handle personal information in accordance with the Council's Privacy Policy, which can be found through our website at [www.cornwall.gov.uk/privacy](http://www.cornwall.gov.uk/privacy).
