Sgt Smith is confident that the figures for December 2023 are correct. He cannot say the same for 2022 due to the new system introduced in November 2022 and that it came with a few teething problems, which I suspect threw out the figures for the first few months.

Further to this, the Administration Department obtained the figures from Sgt Smith due to Sgt Welch's return to his position of Response Officer. Therefore, the figures may differ slightly from previous months.

PC Dan Lewis has been covering the area of Saltash. The Police have successfully recruited two new PC's. They are PC Katie Hall and PC Martin Cummings.

The Admin Department is to arrange a visit to the Guildhall to meet the Chairman and Deputy Chairman at their earliest opportunity in the upcoming weeks.
